

**Fire and Emergency Services Administration (FESA)
Bachelor of Science Curriculum Checklist**

Name: _____

Date: _____

Colorado State University Minimum Credit Requirements

	Required	Completed	Credits Remaining
Total Credits (including transfer credits)	120	0	120
Total Upper Division Credits (includes transfer credits)	42	0	42
Total Upper Division CSU Credits	30	0	30
Senior Year (15 of last 30 credits must be from CSU)	15	0	15
Minimum GPA (computed for CSU credits only)	2.00		

All University Core Curriculum (AUCC) - 31 total credits; see notes on back

<u>AUCC Category</u>	<u>Cr.</u>	<u>Course(s) Fulfilling Category</u>
<input type="checkbox"/> Cat. 1A Intermediate Writing	3	_____
<input type="checkbox"/> Cat. 1B Mathematics	3	_____
<input type="checkbox"/> Cat. 2A Oral Communication* OR (choose either Cat. 2A or 2B)	3	_____
<input type="checkbox"/> Cat. 2B Advanced Writing* (must be 300-level)	3	_____
<input type="checkbox"/> Cat. 3A Biological/Physical Science (must incl. 1 credit lab)	7	_____
<input type="checkbox"/> Cat. 3B Arts/Humanities	6	_____
<input type="checkbox"/> Cat. 3C Social/Behavioral Science	3	_____
<input type="checkbox"/> Cat. 3D Historical Perspectives	3	_____
<input type="checkbox"/> Cat. 3E Global & Cultural Awareness	3	_____

AUCC Credits Remaining: 31

* AUCC Cat. 2A option only available to students who enrolled in college coursework and took an oral communications prior to July 1, 2008. All other students must choose AUCC Cat. 2B-Advanced Writing.

FESA Required Coursework - 37 total credits

<u>Core Courses (31 credits)</u>	<u>Cr.</u>	<u>Prereq.</u>	<u>Term</u>
<input type="checkbox"/> FESA 310 - Fire Service Leadership	3		Fall
<input type="checkbox"/> FESA 331 - Structure Influence on Tactics & Strategy	3		Fall, Summer
<input type="checkbox"/> FESA 333 - Proposals/Reports in Fire Service Mgmt.	3		Fall, Spring
<input type="checkbox"/> FESA 334 - Orientation to Experiential Learning	1		Fall, Spring
<input type="checkbox"/> FESA 335 - Trends in Fire Science Technologies	3		Spring
<input type="checkbox"/> FESA 336 - Fire and Emergency Services Admin.	3		Fall, Spring
<input type="checkbox"/> FESA 338 - Essentials of Emergency Mgmt.	3		Fall, Spring
<input type="checkbox"/> FESA 432 - Fire and Emergency Services Budgeting	3	FESA 333 & 336	Fall
<input type="checkbox"/> FESA 433 - Fire and Emergency: Human Resources	3	FESA 333 & 336	Spring
<input type="checkbox"/> FESA 437 - Fire and Emergency: Legal Considerations	3	FESA 432 & 433	Fall
<input type="checkbox"/> FESA 467 - Integrated Management Simulation	3	FESA 432 & 433	Spring

Core credits remaining: 31

<u>FESA Directed Electives - Select two (6 cr.)</u>	<u>Cr.</u>	<u>Prereq.</u>	
<input type="checkbox"/> FESA 337 - Policy and Public Administration	3	FESA 334	Fall, Spring
<input type="checkbox"/> FESA 339 - Incident Command Systems	3	FESA 334	Summer
<input type="checkbox"/> FESA 431 - Emergency Medical Services Management	3	FESA 432 & 433	Odd Springs
<input type="checkbox"/> FESA 434 - Training Program Management	3	FESA 432 & 433	Even Springs
<input type="checkbox"/> FESA 436 - Fire Protection through Model Building Codes	3		Spring
<input type="checkbox"/> FESA 438 - Prevention Program Management	3	FESA 432 & 433	Spring

Directed elective credits remaining: 6

Elective Credits Remaining

Elective Credits Remaining: _____ (see reverse for explanation)

Notes

Calculations are based on credits earned as of the last completed semester. In progress coursework is not included.

All University Core Curriculum (AUCC)

A complete list of AUCC courses is in the CSU General Catalog located at:

<http://www.catalog.colostate.edu/content/files/2012/FrontPDF/2.3AUCC.pdf>

AUCC Coursework through CSU:

You can complete all AUCC requirements by taking courses through CSU. Local students can register for on-campus courses if they wish. CSU OnlinePlus also offers online AUCC courses. A list of the current online AUCC courses is on the FESA website.

<http://warnercnr.colostate.edu/docs/frs/fesa/OnlinePlus%20AUCC.pdf>

Taking AUCC coursework at another institution:

You can choose to take AUCC courses at another institution. A list of commonly transferred courses from Colorado community colleges is available on the FESA website. You are encouraged to verify the transferability of courses with the FESA Advisor prior to registering, and keep in mind that 15 of your last 30 credits must be from CSU.

<http://warnercnr.colostate.edu/docs/frs/fesa/CCCS%20AUCC%20Transfer.pdf>

AUCC coursework over 10 years old:

If you have courses that are over 10 years old, they will automatically transfer as wildcard electives (indicated as "++" instead of a course number). You can appeal to have these courses count towards your AUCC requirements. Appeal must include a detailed rationale that aligns the course with competencies for the AUCC category.

<http://www.registrar.colostate.edu/registrars-forms>

Completing AUCC courses through CLEP:

The College Level Examination Program (CLEP) enables students to receive college-level credit by examination. CSU accepts passing scores on Subject Examinations for specific courses. If you earn a 50 or higher, you can earn credit for the CSU equivalent course. To find out which CLEP exams are accepted, visit the Registrar's Office. Note that not all CLEP exams accepted by CSU fulfill AUCC requirements. You should cross-reference the complete AUCC list in the General Catalog.

<http://www.registrar.colostate.edu/transfer.htm#clep>

Determining Elective Credits Remaining

In addition to completing the AUCC core and required FESA coursework, you may need additional credits to reach the university minimum credit requirements. You may take elective courses from other disciplines to meet these credit minimums. To determine how many additional elective credits you need:

- 1) Subtract your remaining AUCC and FESA credits (core and directed electives) from your total credits remaining. This gives you the total number of elective credits needed to reach the minimum credits required for a BS degree (120 credits).**
- 2) Subtract your remaining FESA credits (core and directed electives) from your Total Upper Division credits remaining. This will give you the number of electives that must be at the 300-400 level to meet the minimum upper division credits required for a BS degree (42 credits).**
