

CSU Online and the Women & Gender Collaborative present Introducing Feminist Frameworks, an online, two-course program designed to provide personal and professional development opportunities for those interested in learning more about intersectional feminism and associated concepts.

Going beyond what is typically covered in introductory trainings on gender, diversity, and inclusion, this program advances critical understandings of feminism, intersectionality, gender, and systems of oppression. Students will engage with feminist theory and scholarship by women about social identities, power, privilege, and injustice to develop a more robust understanding of foundational concepts and practices for personal, political, and social change.

Digital badges demonstrate knowledge

Upon successful completion of each course, participants are awarded a digital badge, which can be added to resumes, email signatures, and social media pages. Badges illustrate to others the competencies learned in a course. Learn more about [how digital badging works](#).

Curriculum

Mastery Badge

BSBB 4000 – Introducing Feminist Frameworks

To earn the Introducing Feminist Frameworks Mastery Badge, you must complete all courses. To sign up for the Mastery Badge, and receive the most value, register for BSBB 4000.

Trek Badges

BSBB 4001 – Introduction to Identity Basics

Students will be introduced to theoretical frameworks related to oppression, sex and gender, intersectionality, privilege, and how social identities inform what we know.

BSBB 4002 – Women Supporting Women

The course identify challenges that can arise while engaging in dialogue across differences, failures to listen to the experiences of women of color, and how internalized oppression undermines solidarity among women.
