

# NALP Professional Landscape Technician Training

COLORADO STATE UNIVERSITY  
ONLINE

Get trained in industry best practices and prepare to take the Landscape Industry Certified Technician examinations with this online training program. As the field of landscaping continues to advance, it's important that technicians have access to professional development resources and the ability to earn credentials to stand out as experts. Created in partnership between the National Association of Landscape Professionals (NALP) and Colorado State University, this program covers material contained in the following manuals:

- Landscape Training Manual for Irrigation Technicians
- Landscape Training Manual for Installation Technicians
- Landscape Training Manual for Maintenance Technicians

Created for both entry-level and experienced landscape technicians, this three-course training series offers “how-to” resources for landscape installation, irrigation, and maintenance. This program serves as the recommended preparation courses for the Landscape Industry Certified – Technician Exterior certification exam, and it meets the educational requirements for the Landscape Management Apprenticeship Program.

## Curriculum

To earn the Professional Landscape Technician Training Mastery Badge, you must complete all three courses in the program. To sign up for the Mastery Badge, and receive the most value, register for AGBB 1020.

### Mastery Badge
